Hi Girish,

hope you could sleep a bit at least.

Since our last talk we have been working on the pilot:

1. Seymour got that error in account / password geoffrey / factory again, see his mail
2. Ticket346 raised. Pilot Portal: user with uploaded pictures switch randomly to privat and get lost from community list. It means that they are visible in community with all data but without picture. If editing the profile after that happened it appears private again. Ticket assigned to Mukund.

regards
Hans-Bernd
