Subject: Re: iCharts Demo without "Flex Charting Trial"

Hi Girish,

thanks - looks good! Will ask Tyron whether he can do some magic on the logo, then, I guess, we already have our first level demo!

Here are links to the data visualization gurus - you should get the books:

Hello Seymour & Naveen,

Find attached the updated demo files. These files will not show "Flex Charting Trial" watermark in the charts.

Also, this one shows the iCharts logo.

Open the dashboard.swf file in IE.

Regards,

Girish
