

EXECUTIVE SUMMARY

- ❖ Proven contributor, collaborator and leader with 30 years of packaging experience and achievements in innovation and development of materials and equipment, packaging design and development, sustainability and intellectual property management.
- ❖ Extensive experience in packaging development, sourcing and consulting for large and small CPG's and suppliers of packaging and packaging machinery for Food, Beverage, Alcohol, Cosmetics, Personal Care, Pet Care, Home Care, Automotive, Nutraceutical & OTC, Electronics, Technology, and other categories.
- ❖ Senior leadership positions in multiple successful, fast-paced start-up companies, including Method Inc. and Ecologic Brands. Successfully developed teams, processes, and supplier network focused on creating value through market-winning packaging and developing the customer base. Highly capable as a hands-on, individual contributor, as well.
- ❖ Significant accomplishments in consumer-focused, innovative product development, including commercialization of several highly successful, category-leading and world-first packages, materials and machinery; Awarded several patents and industry recognition including Certified Packaging Professional (CPP) by the Institute of Packaging Professionals (IoPP).
- ❖ In-depth experience with many packaging and product types, processes, suppliers, and packaging platforms including:

Bottles (SBM, EBM, IBM)	Paperboard & Corrugate	Films, Labels, Laminates	Molded Fiber
Injection Molding, Thermoform	Closures (dispensing, liners)	Tubes, Pouches, Susceptors	Glass (blown & pressed)
Metals (drawn aluminum, steel)	Decoration (flexo, gravure, litho)	Filling (aseptic, counter-pressure)	Capping, Accumulation, OEE
Sustainability- 3R's, GHG, etc	Case Packing/Palletize/Distrib	Molds & Tooling	Secondary/Tertiary Pkg
Suppliers (Domestic & Int'l)	Project Mgmt & Patents	Testing (ISTA, ASTM, DOE, compat)	Reports, Depositions
Regulatory (cGMP, FDA, FFDA, 21CFR, ISO 11607, Annex 13, TTB, AIB, IMS, OTC, CRP, SPI, GPI, etc.)		Custom Equipment Development	Cold Chain Distribution
Expert Witness, SME, Patents	Sales & Business Development	Package & Product Design	Shelf Life, Child Resistance

P R O F E S S I O N A L E X P E R I E N C E

Owner

October 2008 to Present

PROPAC CONSULTING (PACKAGING DESIGN AND DEVELOPMENT FOR GPG PRODUCTS), LIVERMORE, CALIFORNIA.

- Providing fast and effective solutions for all types of packaging and product challenges including innovation, technical support, materials optimization, sales and business development, supply chain development, mold and equipment design and development, process development, supply chain development, and cost savings.
- Successful consulting support including:
 - Expert Witness- numerous cases involving Intellectual Property (Utility Patents, Design Patents, Trade Dress), Consumer Packaging for Beverages, Alcohol, Machinery, Chocolate & Confections, Soap and Personal Care, Product Liability, Dispensing Closures, Supplier-Customer Responsibility Litigation, Depositions, Expert Reports, and more.
 - Columbus Foods (MAP and extended shelf life packaging, Club stores formats, FFS, etc)
 - Plenty Ag (hydroponic produce packaging, extended shelf life, proprietary designs, microperforations)
 - CarbonLITE recycled PET resin
 - Ecologic Brands (molded fiber bottles from recycled materials with applications in food, beverages, wine, nutraceuticals, etc),
 - Pendulum Therapeutics
 - Grove Collaborative (home products).
 - PepsiCo Products including Quaker, Frito-Lay, and other brands and products.
- Experience with virtually all types of packaging materials, components, and equipment in nearly all product categories and applications, including food, beverage, cosmetics and personal care, home care, nutraceuticals, pet care, wine/beer/spirits, and beyond!

Group Manager & Associate Research Fellow

March 2016 to 2020

THE CLOROX COMPANY, CLEANING PRODUCTS DIVISION (CLOROX, PINESOL, LIQUID PLUMR, 409, TILEX, PRODUCTS) PLEASANTON, CALIFORNIA.

- Leading technical packaging and product innovation, sustainability, cost savings, and regulatory compliance (Child Resistance, How2Recycle, etc), for over \$3Billion annual product sales
- Manager and key team member driving development of people (established new onboarding and training programs), supplier connections (discovered and implemented new key injection and blow molding suppliers), materials reduction (identified and implemented over \$4M cost savings/year), Child Resistance compliance (established new SOP for development, testing and documentation), technology (patent pending for novel dispensing closures), and extensive work with packaging equipment and systems, tools and processes (Troubleshooting, Root Cause & Corrective Action, OEE, FEA, SAP and Product Data Management of packaging specifications, BOMs and document change control).

Chief Technical Officer

May 2011 to August 2015

ECOLOGIC BRANDS INC. (COMPOSITE BOTTLE DESIGN & MANUFACTURING) OAKLAND, CALIFORNIA.

- Drove all aspects of Research and Development, including packaging design & development, form-fit-function, COGs optimization, equipment specifications & development, and production site optimization/OEE, IP/patent strategy and filings, etc.
- Successfully developed and commercialized numerous first-ever packaging formats and equipment related to “bag-in-bottle” for several product categories such as wine (Paperboy brand), laundry detergents (Seventh Generation, Safeway, etc), protein powder (Body Logix by The Winning Combination), and pet care products (all-fiber Nestle-Purina Pro Plan containers and closures).
- Developed highly customized equipment for pulp molding, pouch making and assembly applications for internal manufacturing, and for sale to customers.
- Regular presentations and interaction with Board of Directors, investors, customers and industry seminars regarding technology, product development strategy, IP and other key areas.

Director of Packaging Technology

July 2008 to May 2011

CONSTELLATION BRANDS US, SAN FRANCISCO, CALIFORNIA.

- Responsible for all aspects of technical packaging for all wines and spirits made in, imported into, and exported from, the USA.
- Headed packaging development at 9 bottling sites, with operations involving high speed glass bottle filling (bulk & re-shippers, still wine & sparkling, all sizes), Bag-in-Box filling, PET bottle & Tetra Pak aseptic packaging, etc.
- Led high performance department of 10 with responsibilities including:
 - Managing all development and changes of components, including testing, qualification, TTB compliance, mfg standards.
 - Creating packaging for over 600 sku's for domestic, import and export business.
 - Driving OEE (Overall Equipment Efficiency) improvements from 40-65% to over 60-90% by reducing equipment downtime, improving production speeds, and improving quality.
- COGs reductions of over \$4MM annually, due to materials savings, equipment investments, improved operational efficiencies.

Sr. Director, Engineering & Packaging Development

February 2005 to June 2008

METHOD PRODUCTS INC. (HOME CARE AND PERSONAL CARE PRODUCTS), SAN FRANCISCO, CALIFORNIA.

- Created Engineering & Pkg Development team of six direct reports, established processes and procedures which:
 - Were key to company's 30% to 100% annual growth
 - Created exceptional, award-winning packaging and products starting with 25 sku's in 2004 to over 300 in 2008
 - Improved speed-to-market (from 9 mos down to 6 mos) and reliability (eliminated 3 leaking closure-bottle systems).
 - Environmental accomplishments included: first 100% PCR PET bottles, first recyclable laminate film, CARPP Law compliance, and several others
 - Implemented Engineering & Packaging software, including SolidWorks and CAPE and TOPS for unitization
- Hands-on execution of major projects and initiatives, including laundry detergent dosage and dispensing, cleaning tools development.

Project Leader

January 1999 to February 2005

THE CLOROX COMPANY, SPECIALTY PRODUCTS DIVISION (FOOD, CHARCOAL, CAT LITTER, INSECTICIDES, AUTO (STP AND ARMOR ALL) AND PROFESSIONAL PRODUCTS, PLEASANTON-WALNUT CREEK, CALIFORNIA.

- Managed team that executed 45 major projects over two years, including the successful launch of 20+ new items and cost savings in excess of \$4MM.
- Key team member for startup of new Kingsford international production facilities in China and Brazil, delivering critical new capacity to fuel business growth..
- Successfully managed group of five direct reports across several business units. Managed \$1.5MM annual department budget.
- Promoted from Sr. Pkg Eng to Research Associate, then to Project Leader.
- Led cross-functional team on reduction of packaging-related unsaleables. Numerous improvements implemented on Cat Litter, Charcoal and Automotive (STP fuel treatment and ArmorAll) packaging saving over \$2.5MM annually.
- Led team in launching innovative Easy Squeeze inverted dressing package with custom flip top closure and unique dispensing valve. Awarded U.S. Patent, IoPP's AmeriStar “Best of Food Category” and WPO's WorldStar 2001 award.
- Successfully led packaging & equipment development for Hidden Valley Single Serve product. Managed packaging sourcing and testing, design, purchase and manufacture of custom packaging equipment; launched in five month. Received recognition from Division General Manager for efforts and leadership.
- Provide leadership and expertise on emergency bases for leaking Clorox Disinfecting Wipes pouches. Successfully utilized DOE (Design of Experiment) to identify key factors, root causes and corrective action. Formally recognized by senior management for preserving original launch date.

(Continued on page 3)

Manager, Packaging and Operations

February 1994 to January 1999

NESTLÉ CHOCOLATE & CONFECTIONS AND PETCARE DIVISIONS, GLENDALE, CALIFORNIA.

- Managed projects involving the development, testing, and implementation of over 25 new packaging concepts annually for retail and industrial products. Improved COGS for over 65 additional items, resulting in over \$3MM savings/year.
- Selected as Trainer for Nestlé Quality Initiatives Problem Solving course. Promoted from Asst. Mgr. to Manager. Received two *Nestle Very Best* awards for *Pretzel Flipz* VFFS and HFFS pouches, patented candy dispenser, susceptors, and Club Store packaging project management. International work on packaging taint/off-flavor issues.
- Achieved substantial cost reductions of cases, bags, cartons, and wrappers in excess of \$450M annually through leveraging supplier resources and capitalizing on new technologies.
- Managed Petcare packaging projects personally reducing packaging costs in excess of \$275k annually, assisting in additional \$1.5MM. Designed and implemented innovative “valve” and integrated handle into petfood bag to satisfy key consumer requirements.
- Valuable experience in can filling, seaming, and thermal processing, flexible films, rigid plastic containers, multi-wall bags, tray packing, folding cartons, equipment, microperforations, and corrugated packaging. Promoted from Supervisor to Asst. Mgr, then to Manager. Received *Nestlé Spirit Award* for implementing network pallet program for Logistics group.

Packaging Engineer

June 1992 to February 1994

MERLE NORMAN COSMETICS, LOS ANGELES, CALIFORNIA.

- Designed and implemented myriad of custom tubes, cartridges, compacts, jars, and bottles, including re-usable packaging.
- Daily immersion in in-house injection molding facility and filling/assembly plants. Experience with filling, capping, accumulating and sealing liquids, powders, and solids. Extensive interaction with quality control methods and standards.

Packaging Intern

May 1991 to September 1991

COMPAQ COMPUTERS, HOUSTON, TEXAS.

- Laptop computer and software packaging design, testing, development and commercialization, as well as minimizing damage from shock, vibration, ESD (electrostatic discharge), etc.

E D U C A T I O N

Bachelor of Science, Packaging Science Michigan State University , East Lansing, Michigan Completed Technical and Managerial options. Grad 1992.	FDA/FPI-Certified, Food Processing University of California, Davis , California Container Closure and Thermal Processing 1995.	CPP-Certified (Certified Packaging Professional) Institute of Packaging Professionals (IoPP)

A C T I V I T I E S A N D A W A R D S

Executive Board Member, MSU School of Packaging Alumni Association 2002 to 2005

Speaking Engagements

Universal Design Conference, Michigan State University, East Lansing MI, June 2004: Hidden Valley Easy Squeeze silicone valve inverted package.

Brand Identity & Package Design Seminar (“Fuse”), April 2005 in New York City: design and transforming low-growth categories through Innovative Packaging.

CMA Annual Meeting (Closure Manufacturers Association), April 2007, Phoenix: “Closures in the Value Chain.”

Brazilian Packaging Association: Design Conference, November 2007, Sao Paulo, Brazil, Key Notes Speaker: Pkg Design Impact on product and category growth.

Sustainability in Packaging Conference (Intertech Pira), March 2008, Orlando FL: sustainable packaging and impact of design on branding.

IoPP Transport Packaging Committee, “Door to Door Journey of Wine,” Feb 2010, Webinar: wine packaging design, incoming QC inspections of packaging components, critical attributes, high speed production challenges.

Cleaning Products Conference, “Thinking Outside the Box”, October 2012 in Richmond, VA for American Cleaning Institute.

ISRI (International Scrap Recyclers Institute), 2019, Los Angeles Convention Center, “Packaging Performance and Recyclability”

(Continued on page 4)

Professional Recognition

1. 2001 IoPP AmeriStar Best of Food Category Packaging Award, (HV Easy Squeeze Inverted Bottle w/ silicone valve)
2. 2001 WordStar Award (Hidden Valley Ranch Easy Squeeze Inverted Bottle w. Silicone Valve)
3. Clorox R&D 2004 "Certificate of Recognition for Outstanding Performance" on project Viper (Redesigned Litter Pails).
4. Awarded US Patent D471,462 for HV Easy Squeeze Inverted Bottle w. Silicone Valve.

Summary of Experience:

- 31 Total Cases
- 12 Testimonies in Depositions
- 1 Trial Testimony (+3 Trials Pending)
- Court-certified Packaging Expert (8/29/24)
- 32 years of packaging and product experience
- Expert for Plaintiffs and Defendants
- Patent Infringement, Trade Dress, Contract Disputes, Liability cases

Case Overview:

31. 2024- (current/ongoing case): United States District Court, Northern District of CA, Case No. 5:20-CV01054 Converter Mfg/Clearly Clean v. Ningbo Linhua, Expert for Ningbo Linhua re: method of producing thermoplastic features. Contact John Handy at 703.559.7360 john.handy@rimonlaw.com

30. 2024- (current/ongoing case): USPTO IPR Case re: U.S. Patent No. 11,794,983 Vericool v. Temper-Pack, Expert Witness for Plaintiff re: Thermal Protective Packaging. Contact Leeron Kalay at Fish & Richardson P.C at kalay@fr.com

29. 2024- (current/ongoing case): AAA Case JAMS # 5240001393 Multi-Pack v. Liquid Death, Expert Witness for Defendant. Beverage Packaging. Contact George Spatz, attorney at Hinshaw & Culbertson LLP at ph. 312.784.1062 gspatz@awglaw.com

28. 2024- (current/ongoing case): Orange County - Superior Court, CA, Case # 30202001134445CUPONJC Sutherland v. Costco/Colate-Palmolive, Expert Witness for Defendant re: Consumer Packaing. Contact Joseph Diestel, attorney at Hinshaw & Culbertson LLP at ph. 415-743-3771 jdiestel@hinshawlaw.com

27. 2024- (current/ongoing case): California Superior Court County of San Benito, Case No.: CU-23-00047 Morales v. Taylor Farms, Brown Machine; Expert Witness for Plaintiff re: Packaging Production Equipment. Contact William Smith, Partner, Abramson Smith Waldsmith, LLP.

26. 2024- (settled case): American Arbitration Association Case 1-23-0001-9315 between Ardagh and Innovation Ventures (5 Hour Energy); Expert Witness for Defendant Innovation Ventures regarding alleged breach of contract for packaging production and supply. Contact atty. Leah R. Imbrogno, Partner, Foley & Lardner LLP, ph: 814.335.0982 limbrogno@foley.com

25. 2023- (current/ongoing case): United States District Court, Northern District of California Case 3:23-cv-00861-RS between Benefit Cosmetics and e.l.f. Cosmetics; Expert Witness for Defendant e.l.f. Cosmetics regarding alleged trade dress infringement. Provided Report, Deposition, Trial Testimony, Court-certified as Expert. Contact atty. Richard Mandaro at Amster, Rothsetin & Ebenstein LLP, ph: 212.336.8106 rmandaro@arelaw.com

24. 2023- (current/ongoing case): International Centre for Dispute Resolution (American Arbitration Association) Case Index No.: 01-22-0000-8374

between Krynica Vitamin S.A. v. Heineken Brouwerijen B.V (Heineken USA); Expert Witness for Plaintiff Krynica Vitamin regarding allegedly defective beverage alcohol packaging and Breach of Agreement and Warranty. Provided Expert Report. Contact atty. Adreas Frischknecht, Partner at Chaffetz Lindsey LLP, ph: 212 257 6965 a.frischknecht@chaffetzlindsey.com

23. 2023- (current/ongoing case): Pre-litigation Expert Witness Consulting between pharma company Perrigo Company LLC and Jewel Inc (maker of Equate product for Wal Mart) Expert Witness for Jewel regarding alleged misuse of recycling symbol and environmental sustainability claims. Provided Expert Report. Contact atty. Matthew J. Gipson, Partner at PriceHeneveld, LLP MGipson@priceheneveld.com

22. 2023- (current/ongoing case): Class Action Suit: Case: 1:21-cv-01798 United States District Court, Northern District of Illinois Eastern Division between Mohawk & Casino Queen v. Light and Wonder, Bally Gaming and Scientific Games; Expert Witness for Plaintiff regarding alleged patent invalidation, claims charts development, Expert Report, Deposition, etc. Contact atty. Manuel John Dominguez, Partner at Cohen Milstein, LLP jdominguez@cohenmilstein.com

21. 2023- (current/ongoing case): Civil Court Case Index No.: 814399/2015 New York SC between Satispie LLP v. ARPAC LLP and XPEDX LLP.; Expert Witness for Plaintiff regarding alleged defective packaging equipment design, manufacture, installation and breach of contract. Provided Expert Report. Contact atty. William Savino, Partner at Woods Oviatt Gilman, LLP ph: 716.248.3210 wsavino@woodsoviatt.com

20. 2023- (current/ongoing case): Civil Court Case No. 2019 CA 000048 Florida between Healthy Beverages LLC v. Caribbean Distillers LLC; Expert Witness for Plaintiff Healthy Beverages regarding alleged beverage metal can defects including seaming, filling and more. Provided Expert Report. Contact atty. Loren Vasquez at Mclin Burnsed, ph: 352.787.1241 lorenv@mclinburnsed.com

19. 2023- (current/ongoing case): Civil Court Case No. 2019-CA-000787-L between RCBA Nutraceuticals LLC v. Western Packaging Inc. and Polyfirst Packaging, Inc.; Expert Witness for law office representing Defendant regarding alleged flexible packaging defects and more. 11. 2021- (current/ongoing case): *Edgewell Personal Care Brands, LLC, et al. v. Munchkin, Inc.* No. 2:18-cv-03005-PSG-JPR (Central District of California); Expert witness for Lathrop GPM LLP representing Defendant Munchkin, Inc. regarding claimed patent infringement related to infant care accessories. Provided Expert Report and Deposition Testimony. Attorney contact info: Luke Meriwether, Partner at Lathrop GPM LLP, ph: 816.460.5312, email: luke.meriwether@lathropgpm.com

10. 2021- (settled case): Case No. 2:20-cv-01487 AB (AGRx), Plaintiffs Schoonover v. Iovate Health Sciences; Expert Witness for McGuire Law, P.C., representing Plaintiff in class action case regarding packaging slack fill issues. Research on prior art, analyze product samples, arguments & Expert Report. Contact atty Eugene Y. Turin with MCGUIRE LAW, P.C. at (312) 820-9003 or email eturin@mcgpc.com

9. 2021- (settled case, details confidential): Case No. 01-20-0001-7551, Plaintiffs Wild/Indag Capri Sun GmbH v. Kraft Heinz Foods Company; Expert Witness for Kirkland & Ellis LLP, representing Defendant Kraft regarding claimed trade secret & breach of confidentiality in arbitration before the International Centre for Dispute Resolution. Research on prior art, Expert Report provided. Ruled in favor of my client. Contact atty Luke Budiardjo with Kirkland & Ellis at 917.821.6804 or email luke.budiardjo@kirkland.com

8. 2021- (settled case): Case No. TBD, Plaintiffs District Attorney Santa Cruz County v. Church & Dwight, Expert Witness for Proskauer representing Defendant Church & Dwight regarding claimed packaging slack fill issues. Research on prior art, analyze product samples, arguments & Expert Report provided. Contact Proskauer attorney Jennifer Yang at 510.229.9219 jyang@proskauer.com.

7. 2021- (settled case): Case No. 3:20-cv-00667-JD, Plaintiffs Five Star Gourmet v. D6 & Ready Pac Foods, Expert Witness for Stoel-Rives LLC, representing Defendant D6 regarding Petitioner's claimed design patent on thermoform tray assembly. Research on prior art, Expert Report provided. Expected to go to trial within 2021. Contact atty. Nathan Brunette Nathan.brunette@stoel.com, cell 503.505.3651

6. 2021- (settled case): Case No.: IPR2020-01249, SEALED AIR CORPORATION, Petitioner v. RANPAK CORP., Patent Owner, represented by Renner-Otto, atty. Mark Johnson, mjohnson@rennerotto.com, (216) 736-3170, related to claimed patent infringement and IPR for cushioning dunnage packaging materials and equipment. Provided expert report and Deposition testimony.

5. 2021- (settled case): Case 6:20-cv-01702-PGB-LRH, Plaintiffs Modified Atmosphere Enterprises LLC (M.A.E.) v. Defendant Fresh Express Brands Incorporated, represented by Eversheds Sutherland, attys. Cameron Murphy cameronmurphy@eversheds-sutherland.us, ph. 404.407.5217, and Ann Fort annfort@eversheds-sutherland.us

4. 2020- (settled case, details confidential): Case No. 5:18-cv-02436, Central District California re: Patent Infringement, Trade Dress Infringement, Violation of Unfair Competition Law
IMS Expert Witness: Client: Morgan, Lewis & Bockius LLP, representing Defendant ReadyPac- regarding Petitioner's claimed design patent for fresh produce packaging and trade dress. Extensive research on prior art, ornamental vs. functional design choices, provided Expert Report.
Primarily working with Morgan, Lewis & Bockius LLP atty Ehsun Forghany ph. 650.843.7226, ehsun.forghany@morganlewis.com | www.morganlewis.com main 650.843.4000 (can also contact atty. Scott D. Sherwin at 312.324.1789)

3. 2020- (settled case): Case No. 2:20-cv-04723-AB, Plaintiffs Clearly Clean Products, LLC ("CCP") and Converter Mfg, LLC ("CM") v. Tekni-Plex, Inc ("TPI") d/b/a Dolco Packaging Corp. ("DP") and Commodore Plastic, LLC
IMS Expert Witness: Client: Michael Fisher of Dechert LLP, representing Defendant Tekni-Plex- regarding claimed patent infringement related to thermoform packaging. Provided 4 separate Expert Reports, 2 Depositions. Case settled in favor of my client Tekni-Plex (all 3 patents invalidated). Attorney contact info: Michael.fisher@dechert.com +1 215 994 2079 Direct, +1 917 406 5729 Mobile

2. 2019- (settled case): Case No. 1:17-cv-04259-LLS, United States District Court, Southern District of New York
IMS Expert Witness: Client: Jenner & Block, LLP for Plaintiff Diageo- seeking to defend trade dress of spirits packaging, including bottle finish, closure style, embossing, labeling, bottle shape & taper, glass color, product description, some design patent claims. Expert report submitted, provided recorded Deposition at Defendant atty offices of Arent Fox in NYC. Trial completed, judgement in favor of my client, Plaintiff. Primarily worked with Jenner & Block atty Jacob Alderdice, jalderdice@jenner.com, ph. 212 8911625, cell 347.266.5355

1. 2019- (settled case) Case 8:18-cv-01305-CJC-DFM, involving Patent US D763,684S, dated Aug 16, 2016. Selected to be IMS Expert Witness for Defense seeking to continue use of paperboard packaging which is claimed to infringe on trade dress of Plaintiff's package for confectionary product ("individual clear top cube w/ label w/ patterned band and shapes, and triangular end-tab containing candy product"). Case settled after my initial expert report, where I opined on prior art, commonality of design elements, including aesthetics, graphics, and functional aspects.

Additional Related Expert Work:

- a. 2017- Expert for Consumer Packaged Goods company seeking compensation for defective closure design and processing resulting in malfunction of Child Resistance Packaging and product recall. Expert report submitted detailing failure mode, root cause, corrective action; participated in Meet & Confer for negotiations between client and suppliers; settled out of court and client prevailing with settlement exceeding \$4M in compensation.
- b. 2014- Expert for Consumer Packaged Goods and packaging supply company (Diversey/Sealed Air) seeking remedy from closure manufacturer who was proven to produce a defective closure resulting in household chemical surfactant product leakage; Expert report submitted; settled out of court with my client prevailing.
- c. 2007- Expert for Consumer Packaged Goods company (Method Products) needing detailed report identifying points of similarity of infringing personal care package versus client's Design Patented personal care (liquid hand soap) PET package; my report provided basis for Cease and Desist letter that settled out of court, resulting in discontinuation of infringing party's product sales and proof of destruction of their blow mold tooling.

Professional Recognition and Patents

1. 2001 IoPP AmeriStar Best of Food Category Packaging Award, (HV Easy Squeeze Inverted Bottle w/ silicone valve)
2. 2001 WordStar Award (HV Easy Squeeze Inverted Bottle w. Silicone Valve)
3. Clorox R&D 2004 "Certificate of Recognition for Outstanding Performance" on project Viper (Redesigned Litter Pails).
4. Awarded US Patent D471,462 for HV Easy Squeeze Inverted Bottle w. Silicone Valve.

Container for salad dressing or the like

8. Received 2 utility patents on Ecologic Brands packaging components (load-bearing telescoping lid and equipment patent)

Containers for particulate materials

WO EP US • [US20170021995A1](#) • **Glenn May** • Eco.Logic Brands Inc.

Priority 2013-10-02 • Filed 2016-03-30 • Published 2017-01-26

Containers for holding particulate materials are provided. The containers may be formed from molded pulp. The containers may include molded pulp shaped or threaded features formed integrally on the container that may aid in providing closure to the device. The containers may optionally include a ...

9. 2015 AmeriStar Winner of “Best in Category” for Ecologic Brands Nestle-Purina ProPlan Cat Litter molded fiber containers

SUSTAINABLE PACKAGING AWARD WINNER:

CATEGORY: Household Products

Purina® Pro Plan® Renew™ Cat Litter Jug

Ecologic Brands & Nestle Purina

Ecologic Brands is a designer and manufacturer of molded fiber bottles made from 100% recycled cardboard and newspaper to form a unique, innovative, and disruptive container. The Purina® Pro Plan® Renew™ cat litter jug, developed in partnership with Nestlé Purina® PetCare, is Ecologic's first bottle made entirely from molded fiber, including the friction-fit cap. There is not a trace of plastic material in this package! The package conveys the brand's commitment to natural materials while maintaining a consumer-friendly, easy-to-pour design.

Hi Glenn,

I hope this email finds you doing well today. We have been notified by counsel for Job #17335 | Modified Atmosphere Enterprises LLC v. Fresh Express Brands Incorporated that the case has concluded and there will be no additional work assigned. I want to share with you that how happy counsel was with your work on this project. Ann commented at how pleased she was with your ability to provide maximum impact while managing costs all while performing under the gun. They further shared that the case settled favorably for the client.

Thank you for your assistance in making this a successful engagement, and with your permission we will keep you in mind for future expert opportunities.

Warmest Regards,

Krystal Heitland
