On May 12, 2026, Patent Owner sent an email to Trials@uspto.gov requesting authorization to file, in each proceeding, a motion for confidential information to remain under seal pending director review and potential appeal. Ex. 3008.² Patent Owner asserts that:

Patent Owner's request for Director Review is pending, and the deadline to file a Notice of Appeal has not expired. The confidential information submitted in this proceeding remains pertinent to the request for Director Review and will be similarly relevant to any appeal (if necessary).

Id. Patent Owner indicates that Petitioner does not oppose the request. *Id.*

The parties were permitted to file, in accordance with 37 C.F.R. § 42.54(a), certain confidential information under seal. Sealed confidential information ordinarily becomes publicly available after final judgment. *See Consolidated Trial Practice Guide*³, 21–22.

Under the present circumstances, we grant Patent Owner's request. The sealed confidential information will remain under seal until 45 days after (1) the final disposition of any appeal or remand proceeding from any appeal or request for director review, or (2) the deadline for filing a notice of appeal, whichever is later. At expiration of the 45 days, Patent Owner may file motions to expunge the sealed confidential information. If motions to expunge are not timely filed, then the confidential information will be made public in due course.

It is so Ordered.
