PalmPilot & Palm Organizers

I Didn't
Know You Could
Do That...

Discover All the Cool Things You Can Do with Your Palm Organizer!

Easy-to-follow instructions and valuable software included in this book and companion CD will give you scores of amazing tools and clever techniques for getting the most out of your Palm Organizer today!

Stop Monkeyin' Around... Maximize Your Palm Organizer!

Use dozens of tools and utilities to keep track of free memory and battery status, quickly install and uninstall Palm programs, and print directly from your Palm computer. When traveling with your Palm keep track of itineraries, convert currency and time zones, translate a foreign language, and manage your frequent flyer miles.

Have a Blast with Your Palm Organizer!

Play dozens of games on your Palm, keep track of baseball stats, play the piano... the possibilities are endless. Inside you'll learn how to:

- Install powerful databases
- Create shopping or "to do" lists with just a tap of the stylus
- Trade stocks, right from your Palm
- Manage your finances and create spreadsheets
- Turn your PalmPilot into a talking alarm clock or electronic datebook
- Turn your PalmPilot into an E-Book
- Read your favorite Web pages — automatically, every day
- And much more!

About the Author

Neil J. Salkind is the author of more than 70 books including *The ABCs of Windows 98*. Did you know that he could juggle, cook and write a food column? I didn't know he could do that.
