Subject: RE: IPR2024-01456, IPR2024-01457: Requesting authorization to move due dates
Date: Tuesday, August 12, 2025 7:34:59 AM

Counsel,

The parties' requested revisions to the Scheduling Order may present conflicts for the Board if Patent Owner files a Motion to Amend and seeks Preliminary Guidance from the Board. Ordinarily, Preliminary Guidance (if requested) would be provided by the Board roughly 4 weeks after the Petitioner's Opposition to the Motion to Amend (which is due by Due Date 2). That means the Board's Preliminary Guidance, if requested, would be due December 19th under the current schedule. If the parties' revisions are accepted, moving Due Date 2 by two weeks, this would require also moving the date for Preliminary Guidance by two weeks, which would present a conflict for the Board. To avoid that conflict, more time would be needed to provide Preliminary Guidance. Accordingly, the parties are advised that if Patent Owner files a Motion to Amend and seeks Preliminary Guidance from the Board, additional changes to the Scheduling Order beyond those requested by the parties, including possibly moving the hearing date, are likely.

At this time, Due Date 2 is revised as requested by the parties (moving the deadline from November 21 to December 5), and the parties' stipulated revision of Due Date 1 is acknowledged (moving the deadline from August 29 to September 12). The extent of additional revisions to the Scheduling Order will be determined depending on whether Patent Owner seeks Preliminary Guidance for a Motion to Amend. The parties are advised that any new deadlines will not be sooner than the dates requested by the parties below.
