# Take a look at the guts of the iPhone 6+ with the iFixit teardown video

**John-Michael Bond**

Updated Fri, Sep 19, 2014

The iPhone 6 and 6 Plus were released today, creating long lines at stores as eager Apple fans waited to pick up their new phones. But what is inside those phones? To answer that question the fine folks at iFixit have released [a new teardown video review of the iPhone 6](#). Carefully pulling out its insides, iFixit walks you through the machine's guts, explaining how everything is held together and what changes have been made since the previous generation. You can watch the video below.

## iPhone 6 Plus Teardown Review
