CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Honorable Board:

To provide a status update for the co-pending district court litigation in *Adaptive Spectrum and Signal Alignment, Inc. v. Charter Communications, Inc.*, No. 2:24-cv-00124 (E.D. Tex.), Patent Owner requests permission to submit an Order Denying a Motion to Transfer Venue and a Claim Construction Order in each of the proceedings identified above. Both Orders issued on March 31, 2025.

The Order Denying the Motion to Transfer Venue is relevant to the parties' *Fintiv* arguments and the Board's discretionary denial determination. The Claim Construction Order is relevant to the Board's analysis of the claims.

Counsel for Charter agrees with this request to submit these orders. Counsel for Plume Design has not taken a position. Should the Board require a teleconference, the parties will coordinate and provide availability.

Regards,
Michael Specht
Counsel for Patent Owner
