

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

INTEGRATED DNA TECHNOLOGIES, INC.,
Petitioner,

v.

TECAN GENOMICS, INC.,
Patent Owner

Case No. IPR2025-00015
U.S. Patent No. 10,036,012

JOINT REQUEST FOR ORAL ARGUMENT

Pursuant to 37 C.F.R. § 42.70 and the Board’s Scheduling Order dated April 25, 2025 (Paper 10), Petitioner Integrated DNA Technologies, Inc. (“Petitioner”) and Patent Owner Tecan Genomics, Inc. (“Patent Owner”) respectfully request Oral Argument on issues related to the instituted grounds and on any issues raised in pending motions or briefing filed by the parties.

The Board scheduled the Oral Hearing for this proceeding for January 23, 2026. Paper 10 at 12. The Parties understand that the hearing will be held in person in Alexandria, VA.

The Parties are involved in three proceedings currently pending before the Board: IPR2025-00015, IPR2025-00016, and IPR2024-01504. All three proceedings involve the same counsel for the parties, are being heard by the same panel of the Board, and involve related technology. IPR2025-00015 and IPR2025-00016 involve patents in the same family, and the arguments presented by the parties in these proceedings largely overlap. IPR2024-01504 involves a patent directed to similar technology but is in a different patent family.

The Parties have conferred, and for the sake of efficiency, respectfully request that the Board schedule oral argument for all three proceedings (-00015, -00016, and -01504) for the same day. The Parties request that they each be allotted 60 minutes per side to present arguments related to both the -00015 and -00016 proceedings, and separately 60 minutes per side to present arguments related to the -01504

proceeding. These time allocations would include any time reserved for rebuttal arguments. These time allocations do not account for any potential LEAP participation requests. Both Petitioner and Patent Owner contemplate filing such requests in each of these proceedings.

The Parties also respectfully request the ability to use audio-visual equipment to display demonstrative exhibits, including use of a computer, a projector, a digital projector/document camera (“Elmo”), and a screen.

Dated: December 3, 2025

Respectfully submitted,

By: /Linnea P. Cipriano/
