Dear Honorable Board,

On August 6, Petitioner filed a motion to disqualify Dr. Maz, one of Patent Owner's witnesses in the above-captioned proceedings, and a related motion to seal. Patent Owner's oppositions are currently due tomorrow, Thursday, August 14.

Patent Owner is exploring the feasibility of withdrawing Dr. Matz and submitting a similar declaration from a substitute expert, thus potentially avoiding the need for the Panel to decide Petitioner's motion to disqualify, but it requires additional time to assess and confer with opposing counsel. Patent Owner requests that its deadline to file its oppositions to these motions be extended by five days, to Tuesday, August 19.

Patent Owner conferred with Petitioner. Petitioner maintains that it is important that this issue be resolved promptly to facilitate any resulting discovery and the timely filing of its Replies, but given that the requested extension is only five days and Patent Owner's representation that it will cease communicating with Dr. Matz regarding the substance of this case until this issue is resolved, Petitioner does not oppose this request.
