Dear Honorable Board,

In response to the General Order on “Related Matters Updates” (Paper 22), Petitioner and Patent Owner provide updates from IPR proceedings involving the challenged patent’s family (U.S. Patent No. 11,725,241 (“’241 patent) and U.S. Patent No. 9,546,399 (“’399 patent”)).

In IPR2025-00027 and IPR2025-01506, the board instituted trial on the ’241 patent. After institution of trial, Patent Owner disclaimed all challenged claims of the ’241 patent. The

Board then entered adverse judgment as no claims remained for trial.

In IPR2025-01502, the board instituted a trial on the '399 patent. After institution of trial, Patent Owner disclaimed all challenged claims of the '399 patent. The Board then entered adverse judgment as no claims remained for trial.

Regards,

Landon Smith
