U.S. Patent No. 11,434,958

Case IPR2025-00091

U.S. Patent No. 11,598,376

DECLARATION OF TIM KIEFER

Declaration of Tim Kiefer – U.S. Patent Nos. 11,434,958 and 11,598,376

I, Tim Kiefer, of Rochester, NY, declare as follows:

1. I am over the age of 21, and I have personal knowledge of the facts contained herein unless otherwise indicated.

2. I am a Forensics Manager at Innovative Driven (ID), where I provide services to law firms and other clients in the field of data collection and forensic analysis in connection with litigation and other projects.

3. In 2013, I received a Bachelor's Degree, summa cum laude, in Cybersecurity and Information Assurance with a concentration in Cybercrime Investigations and Forensics. I am a Certified eDiscovery Specialist recognized by Nuix (a leading provider of investigative and analytic software) and Certified Computer Examiner (CCE) recognized by the International Society of Forensic Computer Examiners (ISFCE).

4. I have been employed in the field of gathering, processing, and analyzing digital evidence since 2013, and I have been with Innovative Driven since 2019. My digital evidence collection experience includes both on-site and remote collections involving systems including servers, desktops, laptops, and mobile phones.

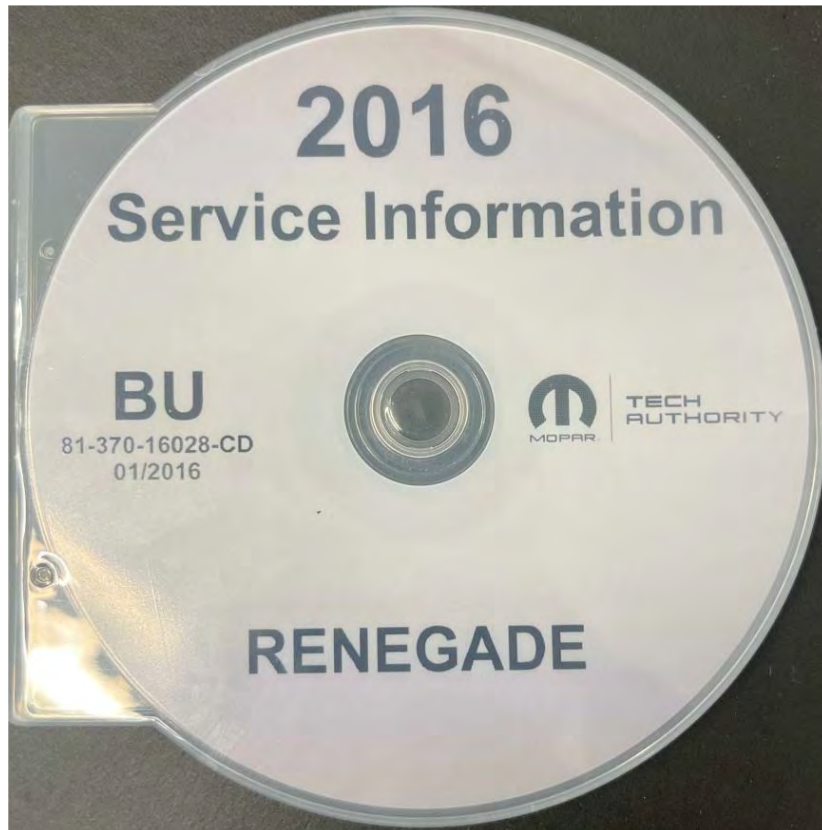

5. A true and correct copy of my Curriculum Vitae is attached hereto as Exhibit 1.

6. Innovative Driven is being compensated for my time in connection with

Declaration of Tim Kiefer – U.S. Patent Nos. 11,434,958 and 11,598,376

this IPR at my standard consulting rate, which is \$475.00 per hour. My compensation is not dependent in any way upon the outcome of this matter.

7. Innovative Driven was asked to conduct a forensic analysis of the compact disc (CD) shown in the below image.

8. Innovative Driven received the CD from Steptoe LLP on October 11, 2024.

9. Innovative Driven created a forensic image of the CD with FTK Imager 4.7.1.2. The image was then parsed in FTK 8.0.0.305, and a listing of the CD's contents was generated.

10. A true and correct copy of the complete file listing of the CD is attached hereto as Exhibit 2.

11. Column A (“Item #”) of the complete file listing assigns each item (e.g., file or folder) on the CD an item number. The complete file listing provides information about each item in columns B through I, including: the name (column B, “Name”), date created (column C, “Created (ET)”), date modified (column D, “Modified (ET)”), file type or extension (column E, “Ext”), category (column F, “category”), size (column G, “L-Size (bytes)”), MD5 hash value (column H, “MD5”), and file path (column I, “Path”) for each item.

12. The date created (column C) indicates the original created date of an item.

13. The date modified (column D) indicates the original modified date of an item.

14. No item contained on the CD has a date created after May 3, 2017. The most recent date created is December 22, 2015, at 16:04:04 ET.

15. No item contained on the CD has a date modified after May 3, 2017. The most recent date modified is December 22, 2015, at 16:04:04 ET.

16. Innovative Driven used FTK 8.0.0.305 to determine that the CD was burned (that is, the data was copied onto the CD) on January 7, 2016.

17. Innovative Driven returned the CD to Steptoe LLP on October 22,

2024.

18. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code. I provide my opinions with a reasonable degree of professional certainty, based on information available to me at present, and I reserve the right to modify, amend, and/or supplement these opinions if more information is provided or becomes available.

EXHIBIT 1

Tim Kiefer
Manager, Forensics
Innovative Driven

Tim Kiefer joined ID in November 2019 as a Senior Forensic Examiner, and currently retains the role of Forensics Manager. His responsibilities are varied and include: software consulting, evidence tracking, equipment testing, forensic analysis, evidence/data collections, written and oral testimony, team management, and work assignment. In his 10 years in the eDiscovery field, Tim has conducted numerous digital evidence collections and forensic examinations. His digital evidence collection experience includes both on-site and remote collections involving systems ranging from desktops/laptops to mobile devices and servers, as well as cloud-based email, file storage, messaging and social media platforms.

Prior to ID, Tim was a Consultant in the Digital & Cyber Forensic Services group at EQ/D4 (Special Counsel). In addition to conducting basic and complex data collections, his responsibilities included consulting on best practices to preserve, collect, and analyze ESI, as well as providing expert support on project scoping, planning, and execution.

Tim interned at the Onondaga County Center for Forensic Sciences in the Digital Evidence Lab for 4 months from January to April 2013. The Onondaga County Center for Forensic Sciences is a certified ASCLD lab and maintains the highest standards for forensic crime labs. In his time there, Tim observed and assisted Computer Evidence Specialists in the examination of digital evidence. He also validated forensic hardware and software to be put into service for casework, and researched potential additions to the lab's forensic software library.

Tim attended Utica College, where he received a Bachelor's Degree in Cybersecurity and Information Assurance with a concentration in Cybercrime Investigations and Forensics. Tim is also recognized as a Certified Computer Examiner (CCE) by the International Society of Forensic Computer Examiners (ISFCE).
