BixeLab is an independent biometric testing laboratory with NVLAP and FIDO accreditations, specializing in biometric performance evaluation, reporting, and testing for presentation attack detection, bias and injection attack testing. For a full list see here.

NVLAP Accreditation Details

FIDO Accreditation Details

BixeLab Letters of Confirmation for the testing undertaken on various biometric products are provided below. This table specifies the testing that was undertaken, details of the provider, product, and product version in addition to the relevant standards where applicable. The featured letters are published with the endorsement of supplier, technology, or solution providers. This list includes only standard evaluations such as biometric presentation attack detection (PAD) ISO/IEC 30107-3 and instances where providers have agreed to disclose their results

BixeLab takes pride in offering biometric testing services that are both trustworthy and reliable. Click on the PDF links for further details associated with the testing completed. Contact us or check our FAQ page for more information.
