Subject: RE: IPR2025-00142 (484 patent) - Termination Request

Dear Honorable Board,

The USPTO issued the certificate cancelling claims 1–19 of the challenged '484 patent. We've attached it here for your convenience. Nike understands that in view of the certificate, the Board will issue an order dismissing the Petition in this proceeding.

Best regards,
Michael J. Sebba (75,595)

Subject: RE: IPR2025-00142 (484 patent) - Termination Request

Counsel,

Given that all the claims of the '484 patent have been finally adjudicated to be unpatentable, the Board will issue an order dismissing the Petition in this proceeding once the Office issues the Certificate cancelling claims 1–19 of the challenged '484 patent. *See* 35 U.S.C. § 318. Until then, the parties are advised to stipulate to an appropriate extension of Due Date 1, at least in the near term.

Andrew Kellogg,

Subject: IPR2025-00142 (484 patent) - Termination Request

Dear Honorable Board,

The parties to IPR2025-00142 write with a recent update concerning the subject patent – U.S. Pat. No. 9,730,484 ('484 patent). Today the Federal Circuit granted Nike's motion to dismiss its appeal from the Board's FWD in IPR2023-01460. In that FWD, the Board found all claims of the '484 patent to be unpatentable. That decision is now final. As a result, the parties request that the Board terminate IPR2025-00142.

Please let us know if we can provide any additional information.

Best regards,
