Heathered Camel — Cotton Sweater Wide Rib Knit

\$15.50

Weight	6 oz/sq yard or 204 GSM
Width	53"
Fiber	Cotton Spandex
% Stretch	50%

A super versatile fabric. This is a very wide cotton sweater rib in a heathered camel color. The widest ribs are 1.5" wide. It's not super heavy so it can be used for projects all year round. We're imagining a midi fitted tank dress or a T shirt dress (it is opaque enough for such projects). This fabric also has some spandex (around 5%) which will helps give a good recovery without being too clingy.

CARE: This fabric reshapes after washing, so we recommend dry cleaning.
