

**Infringement of U.S. Patent No. 9,060,562
by Skechers USA Inc. (“Skechers”)**

The allegations made herein are based on information currently available to Nike. Nike reserves the right to amend and/or supplement these allegations based on information provided during the course of litigation, including during the course of fact and expert discovery. Additionally, discovery in this case is ongoing and Nike has sought, but has not yet received, discovery from Skechers that will further support its contentions as to this claim. As such, Nike reserves the right to supplement its contentions as to this claim depending on information learned through discovery. Nike also reserves the right to supplement and/or amend these allegations in light of the construction of any claim terms that are disputed by the parties and to the extent that such claim construction affects any of the claims set forth in the chart below. In the event that a claim element is deemed to be missing under a literal infringement analysis (*e.g.*, due to claim construction), Nike reserves the right to demonstrate the presence of a substantial equivalent of such an element and to pursue infringement under the doctrine of equivalents. Moreover, no statements made herein are intended as an admission regarding the meaning of any claim term.
