

**LegalMetric Nationwide Report
Stay Pending Inter Partes Review
in Patent Cases**

August 2012-October 2024

The information contained in this report is obtained from the official docket records of the federal courts. No attempt has been made to correct that data. For example, cases may be misclassified in the official docket records. In addition, cases are classified only by the primary cause of action. Cases having multiple causes of action are analyzed only under the primary cause of action identified on the official court docket.

LegalMetric, Inc. is not a law firm, does not provide legal advice, and is not engaged in the practice of law. No attorney-client relationship exists between LegalMetric, Inc. and any user of its products. LegalMetric provides statistical and analytical information to anyone who desires to purchase that information. Any purchaser of LegalMetric products who wants legal advice should hire an attorney.

Yearly Win Rates on Contested Motions

Overview:

This report covers contested stay pending inter partes review decisions in patent cases in the U.S. district courts, and is based upon 1,581 decisions in contested stay pending inter partes review motions found in the dockets of the courts. Of these 1,581 decisions, 873 were granted, 46 were granted in part, and 662 were denied. Note that the last year is a partial year.

Contested Win Rates:

For the period covered by this report, the win rate for movants on contested motions is 56.7%. Variation from year to year is shown in the chart above and in the table below. Variation by stage of the IPR is shown in the second table below.

Time to Decision:

The average time from motion filing to decision was 2.1 months. For motions that were granted, at least in part, the average time to decision was 2.2 months. For motions that were denied, the average time to decision was 2.1 months. The variation from year to year in time to decision is shown below.

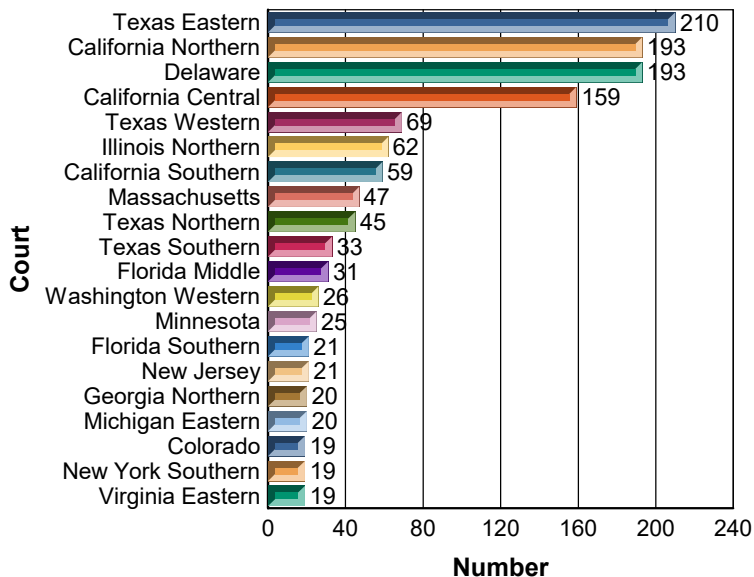

Win Rates as a Function of Month of Litigation:

The variation in win rate based the stage of litigation is shown below for the first 48 months of litigation. The chart also shows a linear trend line which falls from left to right across the chart.

Number of Contested Decisions: Top Districts

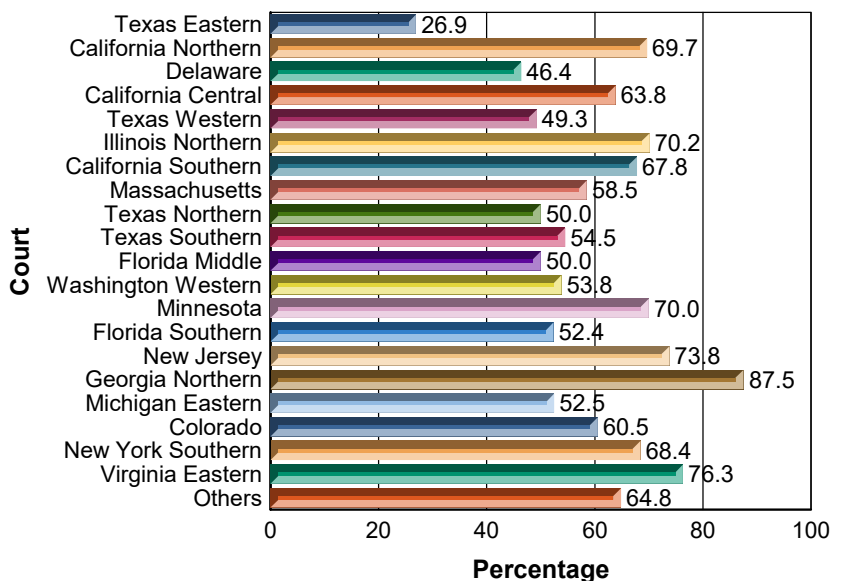

Number of Decisions and Contested Decision Win Rates for the Top Districts:

The chart to the left shows the numbers of contested decisions in the districts with the most decisions on these motions for the period covered by the report.

The chart to the right shows the contested win rates, by districts, for these same districts.

Win Rate on Contested Motions, by District

The total number of decisions found on contested motions is shown below for each district with the corresponding contested win rate on these motions.
