Subject: Re: RØDE Microphones, LLC, et al. v. Zaxcom, Inc., IPR2025-00231

To the Honorable Board,

New, material facts have recently come to Patent Owner's ("Zaxcom's") attention that are relevant to the issue of real party-in-interest and privity as briefed by Zaxcom in the pending Motion to Terminate IPR2025-00231 Under 35 U.S.C. §315(b) ("Motion")(Papers 15 (unredacted) and 16 (redacted)) and which question the veracity of the statements made in Petitioners RØDE Microphones, LLC and Freedman Electronics Pty Ltd.'s ("Petitioners") Response to Patent Owner's Motion to terminate IPR2025-00231 Under 35 U.S.C. §315(b) ("Response") (Paper 20). These facts were not available at the time of filing of Zaxcom's Motion, and include, but are not limited to, facts disclosed in a recent TV joint interview of Lectrosonics and Rode personnel in which Lectrosonics and Rode personnel discuss, at a minimum, the various engineering, manufacturing, technology, IP, and personnel integrations between the companies and announce that Lectrosonics is "actively working on" a product that would perform the same functions as the product that was previously accused of infringing Zaxcom's '902 Patent in the prior Zaxcom, Inc. vs. Lectrosonics, Inc. litigation.

Accordingly, Zaxcom requests authorization for leave to file a 5-page Reply/Supplemental Briefing to Petitioners' Response in the above-referenced case to address these new, material facts.

Petitioners oppose Zaxcom's request. The parties have met and conferred on the matter but have been unable to reach agreement.

The parties are available for a teleconference with the Board to discuss Zaxcom's request on Monday, July 28th between 9 am – 12:00 pm and 3pm – 5:00 pm ET.

Best regards,

Rita C. Chipperson
