To the Board:

Petitioners RØDE Microphones, LLC and Freedman Electronics Pty Ltd request authorization to move for leave to file corrected versions of Exhibit 1002 (the expert declaration) in each of the above-referenced cases. The new versions contain the following corrections:

- Missing exhibit labels have been added to the footer of each document; and
- The Table of Contents has been repaired by adding four page numbers that were missing due to a technical problem that occurred when the Word document was converted to a PDF.

There are no other changes. Patent Owner has indicated that it does not oppose Petitioners' filing of the corrected exhibits.

If the Board wishes to schedule a phone call to discuss this request, Petitioners will reach out to

Patent Owner's counsel for their availability and will provide times when both parties are available.
