Re: *In re: Afibercept Patent Litigation*, MDL Case No. 1:24-md-03103-TSK-JPM

Ms. Gibson:

I write as Liaison Counsel for Regeneron on behalf of all parties to the above-captioned MDL proceeding including Plaintiff Regeneron and Defendants Amgen, Celltrion, Formycon, Samsung Bioepis, and Sandoz.

All previously pending appeals from this MDL have now concluded. Given the conclusion of the appeals, the parties respectfully request an in-person status conference to set a case schedule for further proceedings. The parties will confer regarding the case schedule and, should it be helpful to the Court, will submit proposals before the conference. In addition, Regeneron advises that another biosimilar applicant, Alvotech, likely will become part of this multidistrict litigation in short order, and that their participation in the status conference may be advisable. Regeneron's counsel are in communication with Alvotech's counsel through the patent dance and can advise them of the timing of any status conference.

I have copied counsel for all parties to the MDL on this email.

Respectfully submitted,
