CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Honorable Board,

Patent Owner respectfully seeks authorization to file (in each of the referenced IPRs) a 5-page paper to address the district court's recent order in the counterpart litigation, which found the claims of the '357 and '047

patents invalid under § 101. Specifically, Patent Owner seeks to address the ruling's effect on discretionary denial, particularly in view of the Director's decision in *Hulu, LLC v. Piranha Media Distribution, LLC*, IPR2024-01252, Paper 27. Petitioner additionally requests authorization to file a 5-page response to Patent Owner's paper.

Petitioner does not oppose Patent Owner's request, and Patent Owner does not oppose Petitioner's request to respond.
