Subject: NL Giken v. Amazon - Source Code Review

 EXTERNAL MESSAGE

Hi Jennifer,

Our expert, Kevin Almeroth, seeks access to review the source code Defendants have already produced. Given that both parties will be very busy over the remaining fact discovery period in preparing for and taking depositions, we think it makes sense for Dr. Almeroth to conduct his source code review during expert discovery. Can you please confirm that the source code produced by Amazon will be made available during the expert discovery period, and that Dr. Almeroth will be able to review and request printouts in accordance with the Protective Order during that time?

Best,

John Custer
