Dear Director,

Petitioner timely filed a request for rehearing of the Director's discretionary denial decision on PTACTS this evening. However, the "rehearing request on Director's decision" document type was not available as an option on the PTACTS website when Petitioner attempted to file. Therefore, Petitioner filed its request using the "Rehearing request: Institution" document type, and also filed a fee transmittal form authorizing payment of the request fee from Petitioner's counsel's deposit account. Petitioner understands based on FAQ #27 that no further action is required because the filing will be treated as a director review request. However, if that understanding is not correct, Petitioner respectfully requests guidance regarding how to re-file the request to ensure that it is properly routed for consideration.

Regards,

Anant Saraswat
