Hi Makenzi,

Judge Albright does not require or expect any party to submit any proposed order setting forth his *Markman* constructions unless he expressly asks them to do so. I do not recall him asking for this nor did the minute entry for the hearing make any such request. Judge Albright typically issues his own reasoned orders. We agree with the constructions as you have laid them out in your proposed order and we can all operate on that understanding going forward without any submissions to the Court.

Best,
