The foregoing list is Plaintiff's good faith effort to identify accused products with specificity based on publicly available information and should not be viewed as limiting. The Accused Products include each version or model of the devices identified above, including pertinent components therein as identified in Exhibits A-F (e.g., LCD modules, LED modules), and any other edge or direct lit devices (and pertinent components therein) made, used, sold, offered for sale, or imported by Defendants since July 2018.

ⁱ The Accused Products include each version or model of devices marketed using the identified marketing name and similar variations of the marketing name (e.g., Q60C also covers Q60D).

ⁱⁱ The Accused Products include unlisted variations of the model numbers listed, including different display sizes, different suffixes, and different prefixes, even if not captured by the asterisk notations. The asterisk following a model number represents any one or more characters that may follow the preceding characters. The asterisk preceding a model number represents any one or more characters that may precede the characters following the asterisk.

ⁱⁱⁱ Plaintiff's identification of devices as edge-lit or direct-lit is based on Plaintiff's current understanding based on publicly available information and is subject to modification after discovery.
