Googler, software engineer, glassblower
Palo Alto, California, United States

Summary

Hi. I'll happily accept connection requests from people I know or remember having interacted with.

Otherwise, please read the following, and maybe save us both some time:

- * I will ONLY link to people I know, so it'll help to remind me of our connection, if we have one. (I'm terrible with names!)
- * I do NOT want emails about career opportunities or job offers.
- * I do NOT accept requests to link to headhunters or recruiters.
- * I do NOT accept requests to link to financial advisors.

Thank you!

Experience

Google
Principal Software Engineer
September 2008 - Present (16 years 9 months)
Mountain View, CA

Engineering/systems infrastructure

HP
26 years
Fellow
October 1982 - September 2008 (26 years)
