Subject: FW: IPR2024-01491: Motion Filed - Eunsung Global Corp. v. HydraFacial LLC

[This email originated outside of F&R.]

Counsel:

In IPR2024-01491, IPR2025-00452, and IPR2025-00453, Patent Owner has filed motions to expunge certain information. Patent

Owner does not indicate whether the motions are unopposed.

Given the dates of the final judgment in each proceeding and the dates of filings of the motions to expunge, the default one-month deadline for any opposition to the motions would fall after or near the 45-day period when confidential material becomes public following final judgment (*see* TPG 21-22).

With that, and given the narrow scope of the motions to expunge, any oppositions to the motions shall be filed by Petitioner on or before Friday, August 22, 2025. Petitioner may also respond to this email stating that it will not oppose the motions to expunge.

Andrew Kellogg,
