

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

PADAGIS US LLC
Petitioner,

v.

NEURELIS, INC.
Patent Owner.

Case No. IPR2025-00465
Patent 11,241,414

**JOINT MOTION TO TREAT AGREEMENTS AS BUSINESS
CONFIDENTIAL INFORMATION PURSUANT TO 35 U.S.C. § 317 AND 37
C.F.R. § 42.74**

Pursuant to 35 U.S.C. § 317(b), 37 C.F.R. § 42.74, and the Board's email of September 2, 2026, Petitioner, Padagis US LLC, and Patent Owner, Neurelis, Inc., (collectively, "Parties") jointly request that the Board treat the agreements filed in connection with Petitioner's Motion to Terminate as business confidential information. These agreements are being filed under seal as Exhibit 1108 in this proceeding.

35 U.S.C. § 317(b) provides that:

At the request of a party to the proceeding, the agreement or understanding shall be treated as business confidential information, shall be kept separate from the file of the involved patents, and shall be made available only to Federal Government agencies on written request, or to any person on a showing of good cause.

37 C.F.R. § 42.74(c) provides that:

A party to a settlement may request that the settlement be treated as business confidential information and be kept separate from the files of an involved patent or application. The request must be filed with the settlement. If a timely request is filed, the settlement shall only be available:

- (1) To a Government agency on written request to the Board; or
- (2) To any other person upon written request to the Board to make the settlement agreement available, along with the fee specified in § 42.15(d) and on a showing of good cause.

The Parties respectfully submit that the present request, which is filed contemporaneously with the agreements and with Petitioner's Motion to Terminate, is timely and in accordance with 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74.

Therefore, the Parties request that the agreements (confidential Exhibit 1108) be (i) treated as business confidential information, (ii) maintained separate from the publicly available file of U.S. Patent No. 11,241,414, and (iii) made available only to Federal Government agencies on written request, or to persons showing good cause on written request, pursuant to 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c).

Dated September 4, 2026

Respectfully submitted,

/James P. Murphy/
