Patent Owner's request for leave to file a 5-page Reply to Petitioner's Response is denied. Patent Owner has not provided a sufficient reason for authorizing a reply. Additionally, Patent Owner waited two weeks before communicating its request. As a result, there is insufficient time remaining before a decision on discretionary denial is due on June 28, 2025, to allow for briefing from both parties and properly consider those briefs.

Honorable Director,

Patent Owner received PETITIONER'S RESPONSE TO PATENT OWNER'S DISCRETIONARY DENIAL BRIEF on May 23, 2025. Patent Owner seeks leave to file a 5-page Reply to Petitioner's Response. Patent Owner believes that the Director would benefit from a response to Petitioner's arguments regarding economic factors as well as settled expectations.

Petitioner responds:

Petitioner opposes Patent Owner's request as Petitioner's arguments were responsive to arguments raised by Patent Owner and consistent with the factors considered under the PTAB's interim process. Should Patent Owner's request be granted, Petitioner would like the opportunity to submit a 5-page sur-reply brief.
