Thank you for your e-mail. Information about how to proceed is available in the [FAQs for Interim Processes for PTAB Workload Management | USPTO](#). In particular, please see FAQ 27, which states that "If the Director issues a decision determining that discretionary denial is not appropriate, a party should file a single request for rehearing or Director Review after the Board panel issues its decision. If the party is requesting Director review, the party shall file its request under the procedures set forth in 37 C.F.R. § 42.75(c) and submit the fee as set forth in 37 C.F.R. § 42.15(f)."

Greetings Director,

Hope you are welll and thank you for reading my email. I am the inventor on ptab case:

IPR2025-00472

Patent 11,416,898 B2

A recent ruling came down on this case and basis of denial was that no litigation is filed. I am not sure how it was missed, i respectfully submit that we have been in litigation with Google since 2024 and have two motions before the court on August 6, 2025.

COURT CASE

My family had prosecuted this case with the USPTO for almost 18 years. We are a small inventor who simply wants the court to hear the case.

I thank you in advance again for your consideration. I will be seeking help from council to

IPR2025-00472
Ex. 3102

correct this and hopefully allow it to be heard. Truth is so important in this case.

Best, John DeTitta
