Download the latest version of the ClickShare Desktop App

Still using the old ClickShare App interface? It will soon be replaced with the newer version.

[Update your App now](#)

The ClickShare App enhances your ClickShare Present or ClickShare Conference experience. It brings a simple, highly intuitive user experience to the meeting room. Start your wireless video meeting or share content on the room display within seconds. Walk in and automatically connect to the meeting room display, camera, microphones, soundbars and any other AV peripheral. No cables, no mess.

The App enhances your ClickShare Present or Conference experience

How to use the App?

Did you know we have a Mobile App too? Find out more

Make your meetings smart

With the ClickShare App, you benefit from the Smart Meeting Flows. This set of features guides you through the meeting, from an automated start over one-click-join to advanced sharing options, whereby you choose to show either your full screen or just an application window.

Make sure you have the upgraded app version installed by your IT team, if you want to enjoy the full range of capabilities of the ClickShare App. The ClickShare App works on both Windows and Mac
