Dear Board:

Thank you very much for your email and for considering our request for rescheduling the date for oral arguments. You asked both parties to meet and confer and to identify the dates on which they are available between July 14 and July 17.

Petitioners are available on all of those dates. Unfortunately, as noted in our initial request for rescheduling, Patent Owner is not available on any of those dates.

The initial request identified as the dates on which both parties are available as July 29-31. Both parties are additionally available on July 27 and 28, i.e., the entire week – from July 27-31.

In order to determine a date for oral hearing that is convenient to the Board and to both parties, Patent Owner would like to request a short telephone / Zoom conference with the Board and the Petitioners. Both parties are available for the short conference on:

Wednesday, 5/20 10 am – 2 pm
Thursday, 5/21 10 am – 12 pm

Could you please let us know the day / time convenient to the Board for a short conference, unless the Board would like to reschedule the oral arguments on any of July 27 through July 31?

I apologize for the inconvenience. Thank you and best regards,

Suhrid

Counsel,

The Panel has received your request to reschedule the oral hearing, and is attempting to identify dates that will work for the judges and the parties. Counsel are directed to confer and inform the Board of their availability for an oral hearing from July 14 through July 17. If the parties are available on multiple days during this period, they should inform the Board of all days on which they are available.

IPR2025-00629 (the '711 patent)
IPR2025-00530 (the '199 patent)
IPR2025-00525 (the '959 patent)

Dear Board:

In each of the above-identified IPRs, oral arguments are currently scheduled for Monday, July 20. Lead counsel for Patent Owner has a conflict on that date due to a previously planned personal matter. Therefore, counsel for Patent Owner would respectfully like to request a change to the currently scheduled date (July 20) of oral arguments. Patent Owner's counsel has conferred with Petitioners' counsel regarding this request, and Petitioners' counsel have kindly agreed to changing that date.

Petitioners are available for the oral arguments any time between July 13 (the filing of Petitioners' sur-replies) and July 31. Petitioners' counsel have district court hearing and personal conflicts August 3-19.

Patent Owner is available from July 29 through August 19, where August 6 falls nine weeks before October 8, 2026 (the one-year date from the date of institution of each IPR). As such, the dates on which both Patent Owner and Petitioners are available include:

Wednesday, July 29, 2026,
Thursday, July 30, 2026, and
Friday, July 31, 2026.

The parties request the Board to take into consideration changing the date of oral argument as requested above, and will provide any additional information the Board may require.

Thank you and respectfully,
Suhrid Wadekar,
Counsel for Patent Owner
