DETAILED ACTION

Response to Amendment

1. The amendment filed December 10, 2009 with a Request for Continued Examination has been entered.

Allowable Subject Matter

2. Claims 2, 8-20, 27-33, and 185-191 are allowed.

3. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Nagra-V) teaches a portable audio recorder including various data input and output options including wired audio and timecode ports. The prior art of record, when viewed alone or in combination, fails to teach or suggest "wirelessly transmitting said local audio data in real time...wherein said local audio data includes stamped local audio data and unstamped local audio data" wherein the device is "wearable by a creator of said locally generated audio" in combination with the rest of the limitations of independent claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
