

**Bibliographic Record - OCLC Number: 34231812**

LDR      Record Status                    'c' - Corrected or revised  
           Type of Record                   'a' - Language material  
           Bibliographic Level            's' - Serial  
           Type of Control                ' ' - No specified type of control  
           Encoding Level                ' ' - Full level  
           Descriptive Cataloging Form 'a' - AACR2  
 001      34231812  
 005      20230209153116.0  
 008      Date Entered on File                    '960221'  
           Type of Date/Publication Status            'c' - Continuing resource currently published  
           Date1/Beginning Date of Publication            '1990'  
           Date2/Ending Date of Publication            '9999'  
           Place of Publication, Production, or Execution Code 'enk' - England  
           Frequency                                'a' - Annual  
           Regularity                                'r' - Regular  
           Type of Continuing Resource            ' ' - None of the following  
           Form of Original Item                    ' ' - None of the following  
           Form of Item                                ' ' - None of the following  
           Nature of Entire Work                    ' ' - No specified nature of entire work  
           Nature of Contents                    ' '  
           Government Publication                    ' ' - Not a government publication  
           Conference Publication                    '1' - Conference publication  
           Original Alphabet or Script of Title            ' ' - No alphabet or script given/no key title  
           Entry Convention                    '0' - Successive entry  
           Language Code                    'eng' - English  
           Modified Record                    ' ' - Record is not modified  
           Cataloging Source Code                    'c' - Cooperative cataloging program
