Dear Honorable Director:

In IPRs 2025-00620 and -00621, provided that Petitioner is granted a sur-reply, Petitioner does not oppose Patent Owner's request to file a Reply to Petitioner's Opposition to Patent Owner's Request for Discretionary Denial. Petitioner does, however, oppose Patent Owner's attempt to attach as an exhibit a "privilege log" prepared by Patent Owner's counsel that both discloses Petitioner's privileged communications and mischaracterizes the substance of those communications.

Petitioner is available for a conference call on Tuesday, July 29th from 11 AM to 1 PM ET and on Wednesday, July 30th from 11 AM to 2 PM ET.

Respectfully,
Matt Traupman
Counsel for Petitioner RegenX

Dear Honorable Director:

For both of the subject IPRs, Patent Owner seeks authorization to file a five page Reply to Petitioner's Opposition to Patent Owner's Request for Discretionary Denial and attach a single exhibit that identifies communications from Petitioner that directly rebut assertions in the Opposition and Corson Declaration regarding Petitioner's involvement in the prosecution of the challenged patents. Patent Owner will file its Reply and exhibit within one week of receiving the Director's authorization. Petitioner opposes Patent Owner's request.

To the extent that the Director grants Patent Owner's request, Patent Owner consents to Petitioner filing a five page Sur-reply to Patent Owner's Reply within one week of receiving Patent Owner's Reply.

Should the Director want to have a conference call, the Patent Owner is available Mon (7/28)- Thur (7/31) from 11am-4PM. Petitioner will provide its availability separately.

Respectfully,

Patrick McPherson
