IPR2025-00629 (U.S. Patent No. 10,514,711)

Dear Patent Trial and Appeal Board:

In the IPR identified above, Patent Owner filed a revised motion to amend (Paper 35) on April

20, 2026, and a corresponding *corrected* revised motion to amend (Paper 37), also on April 20, 2026. The correction was needed because a wrong document was filed as Paper 35. Both papers were filed in a timely manner by DUE DATE 3, which was April 20, 2026. Both Paper 35 and Paper 37 were also served to the counsel of the record for the Petitioners on April 20, 2026.

I apologize for erroneous filing of Paper 35 and for the inconvenience this may have caused the Board and Petitioners. Patent Owner requests the Board to expunge Paper 35 and retain Paper 37. The other papers and exhibits filed on April 20, 2026 in connection with this IPR remain unchanged. Patent Owner and Petitioners conferred on this issue, and Petitioners have kindly agreed to the suggested course of action described above.

If the Board has any questions or concerns please let me know.

Thank you and best regards,

Suhrid Wadekar
