ORDER  
Conduct of the Proceeding  
*37 C.F.R. § 42.5*

I. BACKGROUND

On November 3, 2025, the Director issued an order (Paper 20, “Vacatur”) in which he vacated the panel’s prior Decision Granting Institution of Inter Partes Review (Paper 13). The Director remanded the case to the panel for further proceedings consistent with his order. Vacatur 6. The Director did not, however, disturb the Case Management

and Scheduling Order (Paper 14), which set the schedule for conduct of the *inter partes* review that was previously instituted. *See generally id.* The Director also indicated that the panel “may authorize additional briefing, as necessary, to determine whether Petitioner has provided a sufficient reason why different claim construction positions are warranted” in support of its effort to determine whether to institute review. *Id.* at 5.

On November 17, 2025, all three members of the panel conducted a conference call with counsel for both parties. During the call, Petitioner expressed its desire to file a brief addressing the issues it believed to be relevant for the panel’s consideration of the issue set forth above. Patent Owner indicated that it did not believe briefing was necessary. However, Patent Owner expressed some interest in briefing how recent developments in the related district court proceeding that it set forth in Paper 21 filed November, 14, 2025, may affect the panel’s determination of whether to institute *inter partes* review. Based on the parties’ positions during the conference, the panel believes that additional briefing is warranted.

## II. ORDER

For the reasons given, it is:

ORDERED that the Case Management and Scheduling Order entered September 15, 2025, is *vacated*;

FURTHER ORDERED that Petitioner may file a brief of up to twelve (12) pages setting forth its response to Paper 20 by no later than December 3, 2025;

FURTHER ORDERED Patent Owner may file a brief of up to twelve (12) pages setting forth its response to Paper 20 and to Petitioner’s brief by no later than December 19, 2025.
