Subject: Sartorius Bioanalytical Instruments, Inc. v. Gator Bio, Inc. et al., Case No. 22-cv-01417-EJD (NDCal)
Attachments: Sartorius v Gator Bio DRAFT Joint Status Report(150536036.1).docx

Dear Counsel,

We write on behalf of Sartorius Bioanalytical Instruments, Inc. (Sartorius) regarding the above-referenced litigation. Sartorius has retained us to pursue its claims against Gator Bio, Inc. (Gator Bio) in the district court action. We have prepared the enclosed status report for your consideration.

Please note we intend to amend the First Amended Complaint, dropping U.S. Patent No. 7,728,982 and adding U.S. Patent No. 8,647,588 by amendment. We request your position on this proposed amendment.

We also would appreciate your authorization for Blank Rome attorneys to receive and review confidential information produced by Gator Bio in the ITC investigation captioned *In the Matter of Certain Bio-Layer Interferometers and Components Thereof*, Investigation No. 337-TA-1344, including all confidential document productions, pleadings, deposition transcripts, and hearing testimony. We believe this will help us determine how best to streamline the district court litigation.

We propose a meet and confer to discuss the foregoing matters, as well as any additional matters you may wish to raise. We are generally available the afternoons of Tuesday and Wednesday (after 3 ET).

With regards,
Dipu
