We've made it easy for you with premade themes available to all [Kahoot! 360 plans](#). Or why not go why step further by customizing an existing theme or creating your own with [Kahoot! 360 Pro Max](#), [Kahoot! 360 Spirit](#) and [Kahoot! 360 Spirit Premium](#).

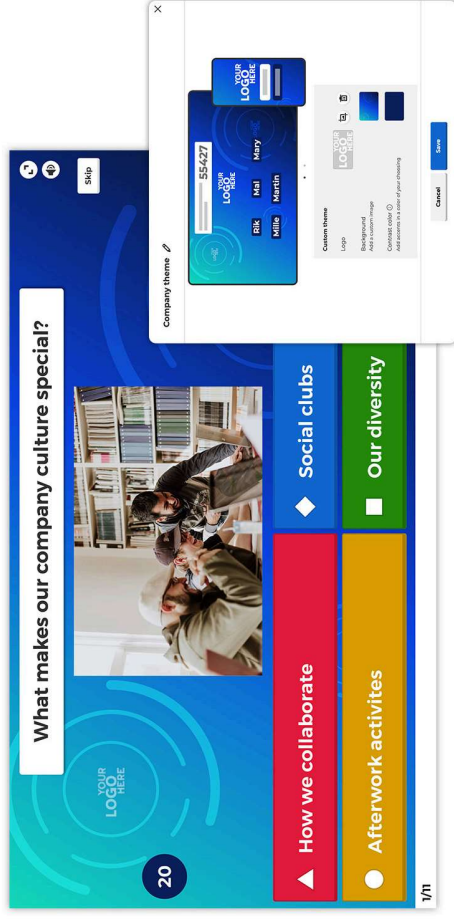

Create the ultimate experience

Interactive presentations are a great way to engage people with your brand in meetings and training. So, why not make your next kahoot look and feel like your brand?

- Create visuals that are consistent from project to project.

- Tailor your presentations to fit any occasion.
- Quick and easy design that the whole team can use.
- Build business content that's easy to maintain and distribute.

Customizing your presentation is more than just having some great-looking slides; it represents who you are as a company, enhances brand identity, and improves company culture. After all, your team members are your first ambassadors.

Customizing your kahoot

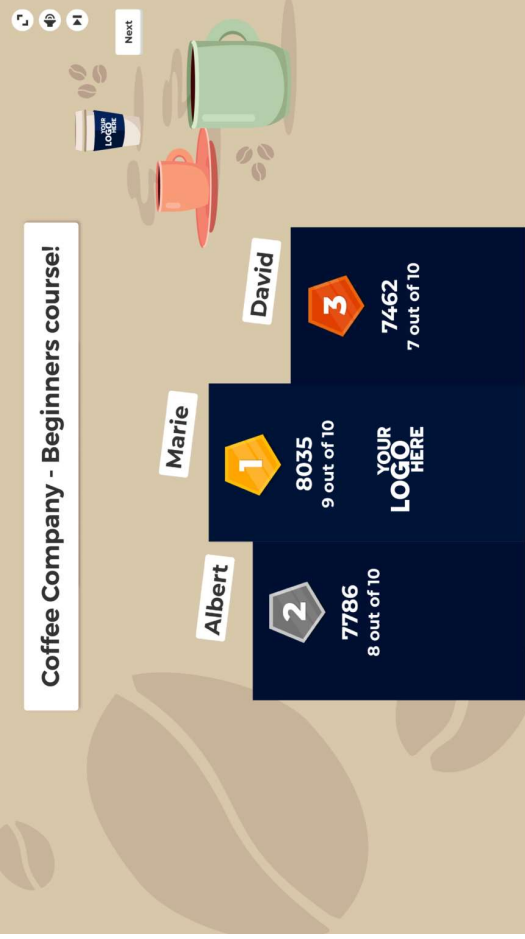

You can now build a consistent brand experience by customizing your kahoot background with an image of your choice and your company logo to showcase across the lobby, question screens, leaderboards, and podium.

To personalize your kahoot, all you need to do is follow a few simple steps:

- Create a new kahoot.
- Select "Themes" in the top right section of your screen.
- Add your brand logo.
- Select your contrast color or choose our neutral, light or dark themes.
- Upload your background image.

If you have **Kahoot! 360 Pro or Presenter**, you can still access premium themes, and for Pro and above, you can also display your logo, giving your imported slides the same look and feel. For example, you can celebrate your teams' results with a firework theme and more!

Premade themes can save you from dedicating hours of your day to editing static slides. Now anyone can design and deliver awesome product training, onboarding programs, and workshops in minutes.

Immersive branding experience

Even more color and font customization options are now available with Kahoot! for Brands! Contact sales to find out more.
