Director Review Team:

Earlier today, we attempted to file a Request for Director Review of the Institution Decision in IPR2025-00696. We were able to file the document titled "Petitioner's Request for Director Review" as Paper 13. The document is, however, coded as a "Rehearing Request from Director Review Decision." We attempted to rectify this error by trying to refile the document under the correct code. But the option to select "Request for Director Review – Institution Decision" is grayed out.

We respectfully request that the document type be re-coded as a "Request for Director Review – Institution Decision." We likewise are having difficulties paying the Director Review fee and respectfully request the ability to pay this fee.

The Request for Director Review is timely because it is due on September 2nd. The Institution Decision was mailed on July 31 and the 30 days thereafter falls on August 30, and the holidays move the due date to September 2nd.
