05/31/2023	322	TEXT ORDER denying as moot 255 Motion to Compel. Based upon 255 Motion to Compel and 305 Notice, the Court held a hearing on 5/15/2023 to determine whether any issues of the motion to compel remain pending. See 309 . At the hearing, the Court ordered the parties to meet and confer about this issue and ordered Plaintiffs to file a status report indicating whether a ruling on the motion to compel was needed. Plaintiffs have now stated they have obtained the relief sought by their motion to compel, i.e., Defendants filed a supplemental interrogatory answer that stated Defendants do not intend to raise an advice of counsel defense nor introduce evidence thereto. See 321 Report. Accordingly, the Court denies as moot 255 Motion to Compel. If circumstances warrant, Plaintiffs are not precluded from re-raising this issue, such as by timely filing a motion in limine. Signed by Chief Magistrate Judge Helen C. Adams on 5/31/2023. 04/24/2023	301	TEXT ORDER. Because Dr. Long will be testifying on both validity and infringement topics, the Court orders that Plaintiffs may depose Dr. Long for up to 10.5 hours total. Although Dr. Long will be testifying on two topics, it is not the equivalent of deposing two separate experts in that Dr. Long's background information will be the same for both topics. The Court finds that by allowing Plaintiffs up to 10.5 hours of deposition time spread over two days, there is adequate time for Plaintiffs to depose Dr. Long on the relevant key material. The Court requests that the parties confer and agree on a second date to complete day two of the deposition, which may be taken remotely or at Dr. Long's state of residence. The Court also instructs Plaintiffs to focus in day one on any information that likely will be relevant to prepare or defend a motion for summary judgment and any Daubert motion.
