

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

INNOSCIENCE AMERICA, INC.,
Petitioner,

v.

INFINEON TECHNOLOGIES AUSTRIA AG,
Patent Owner.

IPR2025-00721
Patent 9,899,481 B2

Before JO-ANNE M. KOKOSKI, CHRISTOPHER M. KAISER, and
LISA A. MURRAY, *Administrative Patent Judges*.

KAISER, *Administrative Patent Judge*.

DECISION
Dismissal Prior to Institution of Trial
35 U.S.C. § 314

BACKGROUND

On March 13, 2025, Innoscience America, Inc. (“Petitioner”) filed a Petition (Paper 1) requesting *inter partes* review of claims 1–17 of U.S. Patent No. 9,899,481 B2. With the Board's authorization, Petitioner filed a motion seeking to withdraw its petition and terminate the proceeding. Paper 8 (“Motion”). Infineon Technologies Austria AG (“Patent Owner”) has not yet filed a Preliminary Response to the Petition, and Petitioner informs us that “Patent Owner is unopposed to Petitioner’s motion.” *Id.* at 2.

DISCUSSION

Petitioner asserts that

[g]ood cause exists to terminate this proceeding because the proceeding is in its infancy with significant work still to be done, including the Board’s Institution Decision and, to the extent that Institution is granted, the Patent Owner’s Reply, possible motions to exclude, preparation for and participation in the oral argument, and the Board’s preparation of the Final Written Decision

and that “[t]erminating the proceeding now would thus serve the interests of judicial economy and the mutual interest of the parties.” *Id.*

We find Petitioner's arguments to be supported by the record, and, under these circumstances, we determine that it is appropriate to grant the Motion.

ORDER

For the reasons discussed above, it is hereby:

ORDERED that Petitioner's Motion to withdraw its Petition for *inter partes* review in the above-identified proceeding is granted; and

FURTHER ORDERED that the Petition in the above-identified proceeding is dismissed and the proceeding is terminated.
