CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Honorable Board,

As suggested by the Board in the Institution Decision (DI, 23 n.7), Petitioner respectfully requests authorization to file a motion to submit supplemental information with evidence that Exhibit 1007 (Deenoo) can claim priority to its provisional applications. In accordance with 37 C.F.R. 42.123(a), Petitioner makes this request less than one month after institution of IPR2025-00762. The motion will explain that the evidence (provisional applications 61/753867 and 61/811233) is relevant to ground 3 of the petition.

Furthermore, in accordance with the scheduling order, Petitioner requests an initial conference call to discuss the above proposed motion, should the Board require such a call. The parties are available for a conference call Nov. 3-7 after 9AM Pacific.

Petitioner has conferred with Patent Owner on this request. Patent Owner take no position on

Petition's request for authorization but reserves the right to respond substantively to any filed motion.

Best regards,
