

Including DVB and ATSC

Contents

[Print Application Note \(PDF\)](#)
Section 4: Introduction to MPEC

- 1.1 [Convergence](#)
- 1.2 [Why compression is needed](#)
- 1.3 [Applications of compression](#)
- 1.4 [Introduction to video compressor](#)
- 1.5 [Introduction to audio compressor](#)
- 1.6 [MPFG signals](#)
- 1.7 [Need for monitoring and analysis](#)

Section 2 Compression in Video

- 2.1 Spatial or temporal coding?
- 2.2 Spatial coding
- 2.3 Weighting
- 2.4 Scanning
- 2.5 Entropy coding
- 2.6 A spatial coder
- 2.7 Temporal coding
- 2.8 Motion compensation
- 2.9 Bidirectional coding
- 2.10 I, P, and B pictures
- 2.11 An MPEG compressor
- 2.12 Preprocessing
- 2.13 Profiles and levels
- 2.14 Wavelets

Section 3 Audio Compression

- [3.1 The hearing mechanism](#)
- [3.2 Subband coding](#)
- [3.3 MPEG Layer 1](#)
- [3.4 MPEG Layer 2](#)
- [3.5 Transform coding](#)
- [3.6 MPEG Layer 3](#)

Section 4 Elementary Streams

- 4.1 Video elementary stream syntax
- 4.2 Audio elementary streams

Section 5 Packetized Elementary Streams (PES)

- [5.1 PTS packets](#)
- [5.2 Time stamps](#)
- [5.3 PTS/OTF](#)

Section 6 Program Streams

- 6.1 Recording vs. transmission
- 6.2 Introduction to program streams

Section 7 Transport Streams

- [7.1 The job of a transport stream](#)
- [7.2 Packets](#)
- [7.3 Program Clock Reference \(PCR\)](#)
- [7.4 Packet Identification \(PID\)](#)
- [7.5 Program Specific Information \(PSI\)](#)

Section 8 Introduction to DVB/

- [8.1 An overall view](#)
- [8.2 Remultindexing](#)
- [8.3 Service Information \(SI\)](#)
- [8.4 Error correction](#)
- [8.5 Channel coding](#)
- [8.6 Inner coding](#)
- [8.7 Transmitting slots](#)

Section 9 MPEG Testing

- 9.1 Testing requirements
- 9.2 Analysing a Transport Stream
- 9.3 Hierarchic view
- 9.4 Interpreted view
- 9.5 Syntax and CRC analysis
- 9.6 Filtering
- 9.7 Timing Analysis
- 9.8 Elementary stream testing
- 9.9 Sarnoff compliant bit streams
- 9.10 Elementary stream analysis
- 9.11 Creating a transport stream
- 9.12 Filter generation
- 9.13 DVD tests

Glossary

 Tektronix Measurement products are manufactured in ISO registered facilities.

10/97 25W-11418-04
