Petitioner

v.

Withrow Networks Inc.
Patent Owner

IPR2025-00775
U.S. Patent No. 10,771,849 B2

PETITIONER'S REQUEST FOR ORAL HEARING

Pursuant to 37 C.F.R. § 42.70(a), Petitioner Google LLC requests an oral hearing on all grounds of unpatentability raised in this proceeding. Petitioner also requests oral hearing on any issues raised by Patent Owner in its Request for Oral Hearing, any procedural or evidentiary issues raised by the parties, and any additional issues or questions raised by the Board or the parties before or during the oral argument.

Petitioner requests 60 minutes total per side to address all of the issues involved in this proceeding. Petitioner understands that Patent Owner also intends to request 60 minutes per side. To the extent the Board sets a different amount of time, or provides further opportunity to address the issues (such as a closing statement), Petitioner requests that it should be given an equal opportunity to Patent Owner.

Petitioner further requests that it be permitted to speak first at oral argument as the party bearing the burden of showing the unpatentability of the challenged claims, and that it be permitted to reserve time for rebuttal following Patent Owner's allotted argument time.

Petitioner requests that the in-person oral hearing be held at the USPTO headquarters in Alexandria, Virginia, to the extent practicable including the capacity

of the hearing room. Petitioner believes that there will be no more than five people (attorneys and clients, collectively) present on behalf of Petitioner.

Should arguments take place in person, Petitioner also requests that its attorneys be allowed to use computers at the hearing (in addition to the counsel making the argument using his or her computer to show the demonstratives) to avoid the need for the parties to bring entire paper copies of the record into the hearing room and to facilitate efficient answering of panel questions. Petitioner further requests the case of audio-visual equipment suitable to display papers of record and demonstrative exhibits, including a computer-connectable projector, an ELMO, and a screen.

Petitioner further requests the services of a court reporter to transcribe the proceeding.
