HOW DO I REGISTER MY TRIAL?

- ◆ **Does the trial sponsor have an existing account with the Protocol Registration System (PRS)?** The PRS is a Web-based data system that allows sponsors to submit, maintain, and update information about their trials free of charge. To find out if the sponsor already has a PRS account, check the list at: http://prsinfo.clinicaltrials.gov/prs_organizations.html.
- ◆ **If "yes,"** obtain contact information at: <http://prsinfo.clinicaltrials.gov/contactRequest.html>.
- ◆ **If "no,"** apply for an account at: <http://prsinfo.clinicaltrials.gov/application.html>.
- ◆ **After you receive login information,** log into the PRS system. (See <http://prsinfo.clinicaltrials.gov/intro.html> for a guided tour.)
- ◆ **View the "Quick Start Guide."** All the features required to enter data about a trial are available through the "Standard Functions" menu.
- ◆ **Complete all ClinicalTrials.gov data elements,** providing as much accurate, up-to-date information as possible.
- ◆ **After you enter the data,** a PRS administrator will review the record before releasing it for publication on the ClinicalTrials.gov site.
- ◆ **You can view a record,** including its unique identifier (NCT number), at ClinicalTrials.gov within 2–5 business days after it is released.

For more information about registering a clinical trial at ClinicalTrials.gov, see the FAQs at <http://prsinfo.clinicaltrials.gov> or send e-mail to register@clinicaltrials.gov.
