Counsel,

In response to Petitioner's email of November 18, 2025, informing the Board that the parties have settled their dispute and seeking to end the proceeding, Petitioner is not authorized to withdraw its petition. Petitioner, on November 19, 2025, filed an unauthorized "Unopposed Motion to Withdrawn Petition for Inter Partes Review" (Paper 13). That motion is *denied* and *dismissed*.

Instead, the parties are authorized to file a *joint motion to terminate the proceeding* pursuant to 35 U.S.C. § 317(a); 37 C.F.R. §§ 42.72, 42.74. The parties are reminded that, under 35 U.S.C. § 317(b) and 37 U.S.C. § 42.74(b), any agreement or understanding between the parties made in connection with, or in contemplation of, the termination of a proceeding, including any collateral agreements referred to in such agreement or understanding, shall be in writing and a true copy shall be filed with the Board before the termination of the trial. The evidence filed as Exhibit 1014 would appear to suffice (it need not be re-filed).

If the parties desire, any settlement agreement filed with the Board can be designated Board and Parties Only, if the agreement is confidential; and such confidential agreements may be requested to be kept separate from public patent files (see 35 U.S.C. § 317(b); 37 C.F.R. § 42.74(c)). Questions regarding PTAB practice and procedure may be answered in the FAQ section of the PTAB section of the Office's website or in our Consolidated Trial Practice Guide, also available online.
