GE Healthcare Ltd.,
Petitioner,

v.

Johns Hopkins University,
Patent Owner.

Case No. IPR2025-00808

JOINT MOTION TO TERMINATE PURSUANT TO 35 U.S.C. § 317

The parties (GE Healthcare Ltd., and Johns Hopkins University) jointly request termination of *inter partes* review (IPR) of 11,938,201 (“’201 patent”), without prejudice to Petitioner filing a petition concerning the ’201 patent at a date subsequent to termination of co-pending PGR2025-00012, the subject of which also is the ’201 patent, subject to all applicable laws and regulations.

This joint request is made pursuant to the parties’ proposed course of conduct of this proceeding set forth in an email to the Board dated April 29, 2025, which was approved by the Board on May 2, 2025. EX3101 at 1. As set forth in the parties’ email to the Board, to avoid unnecessary duplication of work, the parties agreed that all deadlines in this IPR would be stayed pending a decision of the Board on institution of PGR2025-00012, and that within 5 business days of a decision to institute trial in that proceeding, the Parties would jointly request that the Board terminate IPR2025-00808 without prejudice to Petitioner filing a petition concerning U.S. Patent No. 11,938,201 at a date subsequent to termination of PGR2025-00012, subject to all applicable laws and regulations. There is no concurrent litigation between Patent Owner and Petitioner.

Under 35 U.S.C. §§ 315(d) and 325(d), the Board has discretion to manage co-pending proceedings involving the same patent. Accordingly, the parties hereby request that the Board terminate this proceeding without prejudice to Petitioner filing a petition concerning the ’201 patent at a date subsequent to termination of co-

pending PGR2025-00012, subject to all applicable laws and regulations.
