BEFORE THE PATENT TRIAL AND APPEAL BOARD

SUZHOU MOJAWA INTELLIGENT ELECTRONIC CO., LTD.,
Petitioner,

v.

SHENZHEN SHOKZ CO., LTD.,
Patent Owner.

U.S. Patent No. 11,197,084

Case IPR2025-00842

PETITIONER'S REQUEST FOR ORAL HEARING

Pursuant to 37 C.F.R. § 42.70(a) and the Scheduling Order (Paper 16), Petitioner Suzhou Mojawa Intelligent Electronic Co., Ltd. ("Petitioner") requests oral argument in the present *inter partes* review to be held at a time set by the Board. The Board tentatively scheduled the oral hearing for August 25, 2026. *See* Paper 16, p. 13.

Petitioner requests that the oral hearings for IPR2025-00842 and IPR2025-00843 be consolidated into a single hearing and preferably held in Alexandria, Virginia, with each side given ninety (90) minutes to present its arguments, inclusive of time reserved for rebuttal/sur-rebuttal, to address both proceedings. Petitioner believes that a consolidated hearing would be more efficient for the Board and parties because the two proceedings involve the same parties, related challenged patents, and certain overlapping prior art references. Petitioner expects to attend the hearing in-person. Counsel for Petitioner met and conferred with counsel for Patent Owner Shenzhen Shokz Co., Ltd. ("Patent Owner") regarding consolidation, the hearing location, and amount of argument time, and Patent Owner had no objections thereto.

Petitioner expects to discuss the issues raised in the Petitioner's filings and the filings of Patent Owner, including all instituted grounds of patentability; issues raised in any papers filed between today and the Oral Hearing, including any motions

to exclude; and any other issues that may affect the Board's determinations in this proceeding.

Petitioner requests that two spaces be reserved for counsel at counsel's table, and that the two attorneys at Petitioner's counsel table be allowed to use computers. Petitioner requests the ability to use audio-visual equipment to display substantive and demonstrative exhibits, including the use of a computer, projector, and screen for displaying documents.

Respectfully submitted,
