1147	Plaintiff VirtaMove Corp.'s Preliminary Disclosure of Asserted Claims and Infringement Contentions, in *VirtaMove, Corp. v. Microsoft Corp.*, 7:24-cv-00338 (W.D. Tex.) (Mar. 28, 2025)
1148	Confidential Settlement Agreement

Petitioner Microsoft Corporation ("Microsoft") and Patent Owner VirtaMove, Corp. ("Patent Owner" or "VirtaMove") (collectively "the parties") have entered into an agreement ("Agreement") that resolves all underlying disputes between the parties involving U.S. Patent No. 7,519,814 ("the '814 Patent"). All pending related litigations between the parties have been or will be dismissed. The Agreement is the only agreement or understanding between the parties made in connection with, or in contemplation of, the termination of this inter partes review.

In an email dated August 21, 2025, the Board authorized the parties to file (a) a joint motion to terminate and (b) a joint request to treat the Agreement as business confidential information.

As authorized, the parties jointly move that the Board terminate the above-captioned inter partes review, including Microsoft's participation in that review. Pursuant to 35 U.S.C. § 317(a), "[a]n inter partes review instituted under this chapter shall be terminated with respect to any petitioner upon the joint request of the petitioner and the patent owner, unless the Office has decided the merits of the

proceeding before the request for termination is filed." Here, termination is appropriate because the Board has not yet issued a decision on institution in this inter partes review.

No other party's rights would be prejudiced by the termination of this inter partes review. The parties are not aware of any other pending proceeding involving the subject patent that would be affected by the requested termination of this proceeding.

Pursuant to 35 U.S.C. 317(b) and 37 C.F.R. § 42.74(b), the parties certify that they are filing concurrently herewith, as Ex. 1148, a true copy of the Agreement between the parties related to the subject patent, and a joint request to treat that agreement as business confidential information and to keep that agreement separate from the file of the involved patent, pursuant to 35 U.S.C. 317(b) and 37 C.F.R. § 42.74(c). The Agreement does not reference any other agreement and is the entire agreement between the parties. Ex. 1148, Section 5.19 ("Entire Agreement").

In view of the above, the parties respectfully request that the Board grant the parties' joint motion to terminate this inter partes review, including Microsoft's participation in that review. The parties further request that the Board grant their joint request to treat the Agreement as business confidential information and keep it separate from the file of the involved patent.

Respectfully submitted,
